

1/29/21

rotating schedule for notes

map version to be tried first, menus second

Hattiesburg zoo

↓
animal list online (16 animals?)

★ HTML
★ CSS
★ SQL
Javascrpt

} database

* maybe swap for python *

Compiler: eclipse I.D.E.?

Visual Studio?

Atom? → no debug function
→ text editor, more than compiler

~~Front~~

Animals- general desc
facts

{ Split up powerpoint } ⇒ Google slides
to share it
all

* look over website
in references, inspect elements
